

Great Falls Gymnastics Learning Academy

Preschool Philosophy

"We strive to teach the thrill of learning and we believe that every BODY should have the opportunity to be the best they can be. We provide a learning environment that develops children's talents, which they take with them as they grow and learn."

More than just ABC's and 123's, the Learning Academy welcomes all potty-trained three to five-year-old children. The Great Falls Gymnastics Learning Academy offers more than any other preschool or daycare in Great Falls!

Our unsurpassed curriculum intertwines the social, physical, and mental development of our students with our warm, child-centered environment.

Every child at the Academy receives age-appropriate information and skill introduction. This includes letter names and sounds, counting, appropriate classroom behavior, introductory science, and much, much more!

We know how important movement and physical activity is to the developing brain. All of our students participate in daily, age-appropriate gymnastics lessons!

Class Outline - Teaching Concepts

Your child will be exposed to the following:

Snack Time: An opportunity to develop positive social skills and manners, basic hygiene, and nutrition.

Discovery Learning Center: Incorporates phonics, math, reading, and basic writing skills.

Creative Craft: Developing fine motor skills, crafts are chosen to produce a sense of accomplishment.

Gymnastics: Basic gymnastics skills, developing self-esteem and a positive body image.

Academy Book Club: Featuring a "Book of the Month" chosen for its positive content, books will be used in our group reading and will be taken home to share with the family. Nine books in all!
