Pick-Up & Drop-off Protocol to Ensure Student Safety

Following the proper safety procedures for picking up students from The Great Falls Gymnastics Academy ensures that whether the children will walk, ride bikes, take the bus, or carpool, they are safe and any risks are minimized.

As per the Great Falls Gymnastics Academy's (GFGA), parents/guardians should remain with students under the age of 7 until their class begins. Students should be picked up promptly after classes are finished. There is NO supervision before or after class. For further clarification and amplification of the above policy, Great Falls Gymnastics Academy stipulates the following:

1. Teachers will naturally oversee the students during their classes.
2. Parents/guardians should pick up students promptly or very soon after class finish. Parents may also remain during classes if they are concerned with safety.
3. If parents/guardians cannot pick up students after classes finish, students should remain in the waiting area until parents arrive and not at the front desk area or outside the academy.
4. If a parent/guardian instructs a student to wait at the front area or outside, then they do so of their own accord and against the advice of Great Falls Gymnastics Academy.
5. There is NO supervision of students before or after classes. Generally there is a person at the front desk area during office hours for administrative and customer service. However, the presence of someone at the front desk cannot be guaranteed.
6. We believe that these are consistent with the procedures generally adopted by facilities for overseeing students while on premise.
7. Great Falls Gymnastics Academy notes that some students may at times leave the academy and go to surrounding establishments such as Dairy Queen, Great Falls Gymnastics Academy requests that parents/guardians instruct students not to leave the studio and to remain in the academy, as there may be some risk to students who leave GFGA.
